BELLA TURF, AS GREEN AS IT GETS

Bella Turf is a Canadian company that has made it easy to buy and install artificial grass. Our products are versatile, durable, and extremely simple to install. Bella Turf strives to bring you the finest artificial grass that the world has to offer. With rigorous testing and inspection along with meeting or exceeding all safety standard certifications, Bella Turf has designed products that are safe, warranted, and at the top of their class.

Outdoor living spaces are important. Bella Turf helps to create more of them with artificial grass surfaces that can be enjoyed throughout the seasons. Less time doing chores, more time enjoying your space.

No mowing, no watering, no weeding. Pure outdoor enjoyment!

Swapping out your natural lawn for Bella Turf will save you countless hours of work, save thousands of gallons of water, deter pests that destroy lawns, and keep your kids and pets playing in a clean green space for years to come.

Bella Turf makes high quality artificial grass for the Canadian market. We pride ourselves on being able to provide superior customer support, helping to make your project a success. With our ten years of being in business we have shown we are here to stay.

We thank you, Canada, for believing in us.

We are thrilled to announce that for the past six years, Bella Turf has been honored with the Consumers Choice Award. From 2018 to 2023, our commitment to excellence has been recognized by our valued customers, and we are humbled and grateful for the support.

We owe our success to our unwavering dedication to providing the highest quality artificial grass products in Canada. Our team works tirelessly to ensure rigorous standards of quality and durability are met, and we are delighted to know that our efforts have been recognized year after year. We thank you, Canada, for choosing Bella Turf.

MADE WITH TODAY'S MOST ADVANCED YARN TECHNOLOGIES

When it comes to the performance of our grass, the shape of the yarn is a key factor when selecting a product to best suit your needs. Bella Turf is proud to offer a WaveBlade, U-Shape, S-Shape, DiamondBlade, TwistBlade and Stem Grass. These products keep a cooler surface temperature with less shine, withstand more foot traffic, and are proven to be significantly stronger than flat yarn grass. Each shape offers a unique look and serves a different purpose.

LANDSCAPE SYSTEMS

Our grass gives you the lawn you deserve without all of the chores. Upgrade the quality of your outdoor living and enjoy a usable green space all year long. No matter the application, we've got a grass just right for your needs. Bella Turf is ideal for areas where natural grass is difficult to grow, or where upkeep is impractical due to water restrictions or other environmental factors. The superior drainage of our grass prevents standing water to form, which helps keep mosquitoes away in warmer weather. Bella Turf's durability makes it the sensible choice for high-traffic areas and outdoor living spaces.

DECK & PATIO

Bella Turf can be installed on your rooftop, deck or patio to enjoy the benefits of having a green space without owning a yard. Our grass works well as a general floor covering on top of wood or concrete when accompanied by our Turf Cloud foam underlay. Turn that average outdoor living space into something worth bragging about with a piece of Bella Turf to hang out on, you'll be glad you did.

PLAYGROUND SYSTEMS

Bella Turf Playground Systems are a great alternative to sand, bark or natural grass play areas. Our **Elite Play** grass offers a premium surface for the myriad of activities to be played outdoors. Our products are designed to endure the harshest environments and provide a safe play area day after day. Its many uses range from being installed beneath playground equipment to providing play space at daycare facilities.

Bella Turf is adaptable for all applications and can meet the "Certified Fall Rating" for up to 12 feet when complemented by select **Turf Cloud** shock pad options. Making the switch to Bella Turf eliminates the use of harmful pesticides, fertilizers, herbicides and fungicides. It requires no mowing, fertilizing, weeding, reseeding or watering, making Bella Turf the sensible choice for high-traffic play areas.

PET SYSTEMS

Developed for pet owners, by pet owners, our Pet Systems feature **Paw Pro**; a pet specific grass with an ultra permeable, anti-bacterial acrylic backing and grass blades infused with silver ion.

When you infill Bella Turf with **PureZEO Pro**, you'll reduce unwanted odours caused by your pets and create a surface for year round outdoor play. Our products will not fade or stain, and are completely non-absorbent.

With Bella Turf in place of natural grass, not only will your yard be cleaner for your pets, but your pets will also be cleaner for your home. Mud, debris and standing water will no longer be tracked in from outside.

GOLF

A 3-foot putt and a 300-yard drive each count as one stroke. Do you practice both equally? Bella Turf Putting Greens are as close to a real "Country Club" green as you can find, and will transform your yard into a fun place for all to enjoy. Add a short "fringe" with our **SP lite** around your green. Now friends & family can practice putting and chipping in your backyard, basement or wherever you choose. Golf during the sun, rain, or even after dark. Challenge friends to a friendly competition and teach your kids golf's fundamentals.

Bella Turf products are resistant to even the biggest, toughest dogs. There will be no more bare or worn patches from pets running and playing and digging up the grass is no longer an option for them. Find happiness for you and your pets with a Pet System from Bella Turf.

Bella Turf can help you create the perfect putting green for your space. No matter the location, our products are fully customizable to meet your needs. Turn your landscape into an enjoyable, usable space with Bella Turf's state of the art putting greens.

SPORTS SYSTEMS

With the addition of Bella Turf's **Indoor Gym Turf**, **Elite Play**, **Multi Play** and **Chelsea Grass**, the options for functional play surfaces are accommodating to a wide range of sports and activities. For both indoor or outdoor, infilled and non-infilled surfaces, we've got a system to meet your needs. For the safety of those using the play surface, our **Turf Cloud** shock pad system is available in up to 100mm to provide a **CSA approved** fall height rating that is in excess of 12 feet.

PUTTING GREEN KITS

The Ultimate Weekend Project

Transform your yard into your own golf paradise in just a few easy steps with a professionally cut, pre-made golf green. A backyard putting green that can be installed over the course of a weekend, followed up by many weekends of fun and enjoyment. The **13x10** kit comes with 3 flag sets (cup, pin, flag), the **13x20** comes with 4 flag sets and the **15x24** comes with 5 flag sets. * Infill is sold separately. *Putting Green shapes available without fringe to incorporate into your custom landscape design.

25' - direct to concrete & asphalt
(not pictured)

More product and accessory information available online at bellaturf.ca

INFILL

Bella Turf, along with most other artificial grasses, requires an infill in order to create a stable base to support the blades upright and to retain its resilience against the years of use. If the grass is not infilled you are shortening its life span, as the wear will be on the base of the product and its entire blade; this will also void the product warranty. Infill gives "life" and longevity to your artificial grass surface.

SILICA SAND 50 lb bag - 25 to 30 sq ft
Landscape Silica Sand makes for a great all purpose artificial grass infill when aesthetics are the only concern. It will weigh your grass down and keep the blades standing upright. The finer Putting Green Silica Sand is used in putting greens to control the speed of the ball roll.

44 lb bag - 25 to 30 sq ft

- 100% Natural Clinoptilolite Zeolite
- Cools grass through water evaporation
- Reduces odours by adsorbing ammonia from pet urine
- Will not break down or decompose in liquids
- A safe alternative to sand infills
- Ideal for all landscape artificial grass applications

WONDERFILL
ARTIFICIAL TURF INFILL 50 lb bag - 25 to 30 sq ft

Wonderfill gets it's strength and high-performance from it's unique, rounded quartz core grains. This quality provides a non-compacting, non-absorbing surface unlike any other infills. Whether for sports or for play, Wonderfill provides a soft, cushion-like surface. A Zinc Omadine ZOE Antimicrobial coating helps prevent growth of bacteria, mold and mildew.

"PureZEO Pro! A must have product for pet applications."

KID & PET FRIENDLY

- A clean safe play space
